

IFSTAL

Innovative Food Systems Teaching And Learning

IFSTAL Accra 2018

Monday 23 July - Workshop 1

Key Issues in the Ghanaian Food System

Workshop 1 Objective:

- Identify key issues in Ghanaian food systems
- Identify your role within each issue

6 groups of 5 people (different numbers)

- Post-its: Each person thinks of 5 key issues in Ghana food system (5 mins)
- Each person presents their 5 key issues to table and explains why they have chosen them (15 mins)
- Agree 5 big issues per table (25 mins)
- Report back to plenary => Summary Flip Chart (20 mins)
- Discussion led by Daniel (20 mins) => distil 6 Big Issues (to be used in WS2 after lunch)
- 5 mins reflection on where we each relate to the Big Six

6 Big Issues:

- Infrastructure
- Food safety
- Governance and policy
- Technology and innovation
- Climate change
- Socio-cultural factors

NB – what are the environmental, health and nutrition effects within these?
